

NEW RULE:

LEGAL MANAGEMENT SHOULD BE AFFORDABLE AND EASY TO IMPLEMENT FOR SMALLER CORPORATE LEGAL DEPARTMENTS.

WHEN IT COMES TO LEGAL MANAGEMENT, EFFECTS IS CHANGING ALL THE RULES.

Effects puts legal matters at your fingertips.

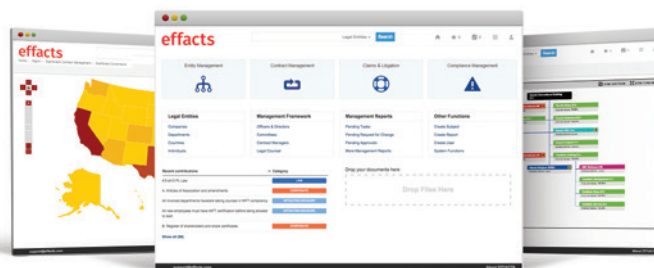

Effects is the secure, efficient way for small to mid-sized corporate legal departments to organize all of their legal information in one central location, manage workloads, and process contracts.

With this new legal management platform, you get all the simplicity, efficiency, and control you need to work the way you want.

New Rule: Spend your time on business strategy.

We understand the value of time. That's why we're laying down a new set of rules and empowering you with the tools you need to follow them.

- **Reduce costs and time** with customizable reports and alerts that ensure easy access to key information
- **Prevent unacceptable risks** with legal control tools such as alerts, document tracking, and workflow approvals
- **Gain secure, anytime, anywhere access** to contracts, compliance, and entity documents via the cloud
- **Facilitate collaboration with colleagues**, external service providers, board members, accountants, and other stakeholders
- **Be immediately responsive** to questions concerning contracts, period of notice, and confidential documents

From the intuitive interface, effects enables you to control corporate and legal risks, while saving time and money.

Leading Features

- Workflows accelerate approvals and compliance tasks
- Alerts flag due dates and other key controls
- Legal risk framework saves time and effort
- Management dashboards increase visibility and control
- Dynamic reports and org charts keep management informed
- Outlook plugin allows you to archive documents direct from outlook to your effects folder
- Document templates ensure consistency
- Audit log track usage and historical records library
- Multiple user profiles and security levels safeguard confidential information

EFFECTS IS CHANGING ALL THE RULES

Contract Management: Efficiently Control the Full Lifecycle

- Eliminates manual efforts that waste time and money
- Keeps track of legal and financial obligations
- Allows you to minimize risks and avoid legal disputes
- Optional integration with DocuSign for paperless approval workflow

Compliance Management: Never Miss a Deadline and Stay in Control

- Keeps track of regulatory processes and regulations
- Simplifies communicating policies
- Audits obligations to external parties
- Streamlines managing and resolving incidents

Entity Management: Comprehensive View with the Click of a Mouse

- Provides an overview of all entities and related subsidiaries at any point in time
- Produces detailed reports and organizational charts
- Maintain historical record archive of important corporate governance documents

Hassle-free implementation with no custom software required, so you can start benefiting immediately from the effect of having all of your business facts and legal information in one place with effects!
